1 Introduction

ANEXT Bank's ("Bank") Pillar 3 Disclosure Report ("The Report") is prepared in accordance with the Monetary Authority of Singapore ("MAS") Notice to Banks No. 637 "Risk Based Capital Adequacy Requirements for Banks Incorporated in Singapore".

The Report is also governed by the Bank's Pillar 3 Disclosure Policy which specifies the Bank's Pillar 3 disclosure requirements, frequency of disclosure, medium of disclosure, and the roles and responsibilities of various parties involved in the disclosure reporting. The Policy is reviewed at least annually and approved by the Board.

The Report facilitates an assessment of the Bank's capital adequacy and provides an overview of the Bank's risk profile. For the purpose of calculating its Risk-Weighted Assets ("RWA"), the Bank applies a computation method agreed by MAS for Operational Risk and applies the respective Standardised Approaches for Credit and Market risks.

As of 30 June 2022, the Bank does not have any subsidiaries to consolidate in this regulatory disclosure.

The numbers in this document are presented in Singapore dollars, unless otherwise stated.
